

Aluminum API Gravity Unloading Coupler (Internal Thread Connection for Diesel, Gasoline, and Kerosene Transfer)

The API drop Adaptor adopts a 70-degree inclined design to facilitate hose connection and effectively extend the service life of the hose. It is specially adapted to optimize the design of quick coupling for API bottom adaptor to ensure safety and rapid unloading of petrol products. The inner lip interface designed for convenient connection is more easily compatible with various connectors that comply with API1004 standards.

Ordering Specifications:

Products #	Female Thread (Inch)	Net Weight (Kgs)
HBNLW-API-3	4X3 BSPP Female	1.95
HBNLW-API-4	4X4 BSPP Female	1.8

Technical Specifications:

Body: Aluminum
Female Thread: 3, 4 inch etc. for option
Seals: Viton or Buna-N for option
Handle: Brass
Pin: Stainless steel
Working Pressure: 0 to 0.6 Mpa
Temperature Range -20-+70°C
Use Medium: Diesel, Gasoline, Kerosene
Packing Size 50X50X40cm

Replacement Parts Available as follows:

The main gasket for HB8061-S-3 SS 304 API Drop Adaptor
Other required spare parts.
