RF977-100 Series High-Performance SMC Round Manhole Covers for Fuel Stations and Industrial Sites

The RF977-100 series of heavy-duty round SMC manhole covers are specifically designed for applications that demand high mechanical strength and environmental resistance, such as fuel stations, municipal infrastructure, and industrial facilities. The product complies with EN 124:1994 standards.

Technical Specifications

Load Class: C250 (25 Ton) / D400 (40 Ton)
 Cover Diameter: 977 mm
 Frame Inner Diameter: 900 mm
 Frame Outer Diameter: 1070 mm
 Total Height: 100 mm
 Material: SMC Composite for both cover and frame
 Sealing Material: Nitrile Rubber (NBR), acid & alkali resistant
 Color: Black / Customizable
 Operating Temperature: -40°C to +100°C
 Structure: Cover & Frame is with Locking Mechanism, Removable Seal

Ordering Information:

Product #	Load Class	Cover Net Weight	Frame Net Weight
RF977-100-C250	C250	55 Kgs	16 Kgs
RF977-100-D400	D400	59 Kgs	16 Kgs

✓ Note: Custom colors and logo engraving available upon request.

Weight values are approximate and may vary slightly due to manufacturing tolerances.

Real Product and In-Field Application Image:

HB Equipment shall be used in compliance with applicable country, province and local laws and regulations. Products selection shall be based on physical specifications and limitations and compatibility with the environment.
