

## High-Accuracy Mechanical Aluminum Flow Meter for Industrial and Off-Grid Liquid Transfer

### 3 Digits Aluminum Mechanical Flowmeter Features:

- a. can connect with pumps for metering transfer .
- b. option for the unit on Liter and Gallon .
- c. no electricity need, usable on farm, mine and other place without electricity .
- d. 3 digits subtotals. 6 digits totals.

### Technical Specification:

Model No	800C		
Body Material	Aluminum		
Accuracy	±1%		
Flow Range	20-120L/min		
Inlet/Outlet	1"	1.5"	2"
