

## HRD15XXEX, HRD20XXEX, and HRD30XXEX Series High-Capacity Electric Retraction Fuel Rubber Hose Reel

This Series of Electric Retraction Fuel Delivery Hose Reels are equipped with Viton seals, incorporate metal forms and a heavy-duty base to ensure the greatest possible strength and are ideal for mobile and permanent-mount applications. These rugged, corrosion-resistant(stainless steel inlet and outlet pipe connectors are for option) reels are suitable for a wide variety of fuel applications including E85.They are supplied with our Viton O-ring style swivel.  
 NOTE: Not recommended for jet fuel.

**Voltage:** AC220V/AC380V for Option

Ideal for mobile and permanent mount applications

Suitable for a wide variety of fuel applications including E85 (not recommended for jet fuel)

Incorporates metal forms to ensure the greatest possible strength

**Note:** According to the size and length of the adapting hose, we can accurately produce the corresponding reel frame size and match it with the most suitable electric actuator.

This electric hose reel can be customized to the specific needs of the user. According to the size and length of the adapting hose, we can accurately produce the corresponding reel frame size and match it with the most suitable electric actuator.

**Specifications:** Max. Working temperature:65°C

Item No.	Hose	Hose I.D.	Hose O.D.	Hose Length	Max. Pressure	Reel Inlet	Reel Outlet
HRD1510E	without				0.3 Mpa	1.5"	1.5"
